School Safety

The security code is for the safety of students and staff. Please **do not** share the code with others.

If someone other than a parent is to pick up your child, please be sure to complete the necessary form. The person picking up your child must provide a license before the child will be released.

Please be aware of others entering the building behind you. If you don't recognize a person, then simply ask if their child attends the school. We want to keep a safe environment for the students and staff.

School Health Policy

Children with diarrhea **and/or** temperatures above 100.4 degrees should be kept home.

A child must be free of fever for 24 hours without the aid of medication to return to school.
